

2020
CATALOG

Pelican Reef has been manufacturing and distributing fine rattan, wicker, and outdoor furniture for over 35 years. Pelican Reef has partnered with Panama Jack® as their worldwide licensee for outdoor and sunroom furniture.

Pelican Reef's outdoor furniture is made with the best quality brand name synthetic fibers in order to offer products that are suitable for high use in residential and commercial environments. Our aluminum frames have a baked on powder-coated finish, and which are then hand woven with Viro®, Wintech® or Rehau® synthetic fibers. Additionally, our textiline sling products use commercial quality sling for lasting durability.

Pelican Reef is headquartered in Florida, with Panama Jack® products in stock for quick shipment. Pelican Reef has established trade showrooms throughout the industry's most important trade shows, such as Las Vegas World Market Center #C-1288, Chicago Merchandise Mart, and by appointment only in South Florida.

We pride ourselves in our lasting quality, quick shipments, affordability, and customer care. For more information please call 1-888-820-4455 or visit our web site at www.pelicanreef.com.

XL-150 4 PC KIT

8' SQUARE BOATING
UMBRELLA 4 PC KIT

FINISH: ALUMINUM
MATERIAL: SILVER NYLON
FABRIC

XL-150 can be used on practically any boat, at the beach, or even on land! The 4 Pc Kit Includes carrying case, beach spike, expanding rod base, and the tilt umbrella. The Hydra Shade design allows wind venting without loss of sun protection. It is constructed of marine quality stainless steel and lightweight aluminum. This is a Sunlight fade resistant nylon umbrella that is reflective to the sun's harmful UV rays and is UPF 30. XL-150 is designed for use with any cylinder or rod holder opening, and offers a tilt and height adjustment. Additional tie downs are **not** necessary with the XL-150 umbrella.

Our unique umbrella design consists of an expanding umbrella base that secures our telescoping umbrella in place without the need of additional support or tie downs. The Umbrella can be used on a kayak, sailboat, sportfish convertible, center console, bass boat, lake boats, deck boat, powerboat, paddle boats, and even a dingy if they have a rod holder. Once you arrive at a beach or sand bar, switch to the beach spike and you are all set with a telescoping beach umbrella.
